➤ CHENG LI GROUP PROFILE

Chengli Automobile Group Co., Ltd. (referred to as "CLW Group"), was founded in 2004, originally known as Hubei Chengli Special Automobile Co., Ltd. The headquarters are located in Suizhou, Hubei Province, the hometown of Emperor Yan and the land of ancient bells and music, recognized as the capital of China's special automobiles. The group has a total registered capital of 500 million yuan and is a diversified group company that integrates the research and development, manufacturing, sales, and automotive financial services of complete vehicles, special vehicles, new energy vehicles, automotive parts, and emergency equipment.

Company Development Scale: CLW Group has established four core production bases in the southern suburbs of Zengdu District, Suizhou City (Chengli Special Vehicle Company), Zengdu Economic Development Zone (CLW Group Company, Chengli Dali Company), Huangpi District, Wuhan City (Chengli Heavy Industry Company), and Dongjin New District, Xiangyang (Chengli Xinfu Company). These bases cover more than 5,000 acres, employ over 13,000 people, and include buildings with a total area of over 2 million square meters. The company has over 5,000 sets of various production and testing equipment. With 17 subsidiaries, more than 100 professional factories, and over 40 member factories, the group has an annual production capacity of 50,000 chassis, 100,000 special vehicles, over 10,000 new energy vehicles, and 20,000 units of emergency equipment. The group also has joint manufacturing and comprehensive service bases in Qingyuan, Guangdong; Guiyang, Guizhou; Changchun, Jilin; Ulanqab, Inner Mongolia; and Dingxi, Gansu.

Company Qualifications and Resources: CLW Group has obtained certifications for ISO 9001 Quality Management, ISO 14001 Environmental Management, ISO 45001 Occupational Health and Safety Management, After-sales Service System, Energy Management System, and other certifications. It has also received the National Military Standard, Confidentiality and National Defense Construction Supporting Services Qualification Certification, 3C Compulsory Certification, ASME Certification, and EU ADR Certification. The company holds scarce qualification resources for special vehicles, truck-mounted cranes, truck cranes, fire trucks, new energy vehicles, complete vehicles, and buses.

Research and Development Capabilities: The group has established a "Provincial Enterprise Technology Center," "Provincial Engineering Technology Research Center," and "Hubei Province Emergency Rescue Support Vehicle Engineering Research Center." It currently employs more than 1,200 technical personnel and has set up innovation platforms such as the "Provincial Postdoctoral Innovation Practice Base" and "Wuhan University of Science and Technology Student Practice Base." Chengli's independent innovation products have obtained over 500 national patents.

Production and Manufacturing Equipment Capabilities: The company has various advanced equipment and complete trial production facilities. The group's core enterprise, Chengli Special Automobile Co., Ltd., stands out as a leading enterprise in China's special vehicle industry due to its variety, comprehensive qualifications, advanced production equipment, and complete testing methods. Chengli New Energy Automobile Manufacturing Co., Ltd. has advanced production lines and testing lines for new energy vehicles. Chengli Commercial Vehicle Co., Ltd. has advanced commercial vehicle production lines to meet the production needs of light, medium, and heavy truck chassis. Chengli Heavy Industry Co., Ltd. is a model enterprise in manufacturing high-end special vehicles in China. Chengli Emergency Equipment Manufacturing Hubei Co., Ltd. is an innovative enterprise in the emergency industry, with its various emergency rescue vehicles leading in the domestic market.

Company Reputation and Brand Influence: The trademarks "Chengliwei" and "Dali" have been recognized as "Hubei Famous Trademarks," "Hubei Famous Brands," and "China Well-known Trademarks." The group's products are sold nationwide across 29 provinces, municipalities, and autonomous regions, and exported to more than 50 countries and regions. For several consecutive years, Chengli's sanitation vehicles and light special vehicles have ranked first in national sales. In 2023, the group ranked 378th among the "Top 500 Chinese Private Enterprises" and 5th among the "Top 100 Hubei Private Manufacturing Enterprises."

The group has received numerous honors, including "Outstanding Private Enterprise in Hubei Province," "Enterprise with Development Potential in Hubei Province," "Top 100 Taxpayers of the National Tax Service," "Top 100 Non-public Enterprise Party Organizations in the Province," "National Advanced Private Enterprise for Employment and Social Security," "National Advanced Private Enterprise in the 'Ten Thousand Enterprises Help Ten Thousand Villages' Targeted Poverty Alleviation Action," and "National Top 100 Advanced Private Enterprises for Anti-pandemic Efforts." The group's chairman, Cheng A Luo, has been awarded the "Hubei Youth May Fourth Award," "Outstanding Entrepreneur," "Outstanding Chu Businessman," "Hubei Provincial Government Special Allowance," and "National Advanced Individual in Private Enterprise Anti-pandemic Efforts."

"Long winds and waves will rise, with the sails set high to cross the vast seas." With the strong leadership and support of the party and government at all levels, CLW Group will continue to be guided by the "Three Perseverances" and strive towards the development goal of a "Centennial Chengli, 100 billion output value," making unremitting efforts to accelerate the "construction of a world-class enterprise."

► INTRODUCTION OF CHENG LI SPECIAL AUTOMOBILE CO., LTD

Chengli Special Automobile Co., Ltd. is the core enterprise of Chengli Automobile Group and a large automobile manufacturing enterprise designated by the Ministry of Industry and Information Technology of China for producing various special vehicles. The company is located in Suizhou City, Hubei Province, with production bases in the southern suburbs of Zengdu District and the Zengdu Economic and Technological Development Zone.

The company currently has total assets of nearly 10 billion yuan, covering an area of over 1,000 acres, and employs over 7,000 people, including more than 500 technical personnel and over 1,800 skilled workers. The company has an annual production capacity of 70,000 special vehicles. It has signed industry-university-research cooperation agreements with universities such as Huazhong University of Science and Technology, Wuhan University of Technology, and Wuhan University of Science and Technology. Through professional vocational technical training, it annually provides society with over 500 automotive talents, making it a well-deserved incubator in the domestic special vehicle field.

As a large automobile manufacturing group with titles such as "China Well-known Trademark," "Hubei Famous Brand," "National High-tech Enterprise," and "Top 500 Chinese Private Enterprises," Chengli has undertaken the important mission of promoting the development of China's special vehicles. Chengli Special Automobile, a subsidiary of CLW Group, holds a significant market share in both domestic and international markets. Its leading products include various types of water sprinklers, garbage trucks, sewage suction trucks, sweepers, oil tankers, chemical trucks, wreckers, aerial work vehicles, fire trucks, truck-mounted cranes, refrigerated trucks, vans, pressure vessels, road maintenance vehicles, flatbed transport vehicles, bulk grain trucks, dry mortar trucks, beekeeping vehicles, stage trucks, propaganda trucks, mobile vending trucks, heavy truck-mounted cranes, cement pump trucks, pharmaceutical transport trucks, and food transport trucks, among more than 800 varieties. It is the special vehicle company with the most product varieties, the most complete production qualifications, first-class production equipment, and the most complete testing methods in the domestic industry.

The company currently owns more than 2,000 sets of large-scale production equipment and over 200 sets of testing equipment, some of which are at the leading level domestically and internationally. The special vehicle companies have successively passed ISO9001-2008 Quality Management Certification, ISO14001 Environmental Management Certification, OHSAS18001 Occupational Health and Safety Management Certification, 3C Compulsory Certification, Automotive Energy-saving and Environmental Protection Certification, Automotive Exemption Certification, ASME Certification, and EU ADR Certification. The company has obtained special vehicle production licenses, including A2, C2, and C3 pressure vessels, truck-mounted cranes, truck cranes, fire trucks, and national weaponry and equipment research and production qualifications. The company has over 100 independently innovative products that have obtained national patents, including projects like the "vehicle-mounted sewage purification treatment device" and "gas supply and lighting fire truck," which have won the third prize for scientific and technological progress.

The company is located in Suizhou City, Hubei Province, with production bases in the southern suburbs of Zengdu District and the Zengdu Economic and Technological Development Zone. The company currently has total assets of nearly 10 billion yuan, covering an area of over 1,000 acres, and employs over 7,000 people, including more than 500 technical personnel and over 1,800 skilled workers. The company has an annual production capacity of 70,000 special vehicles. It has signed industry-university-research cooperation agreements with universities such as Huazhong University of Science and Technology, Wuhan University of Technology, and Wuhan University of Science and Technology. Through professional vocational technical training, it annually provides society with over 500 automotive talents, making it a well-deserved incubator in the domestic special vehicle field.

As a large automobile manufacturing group with titles such as "China Well-known Trademark," "Hubei Famous Brand," "National High-tech Enterprise," and "Top 500 Chinese Private Enterprises," Chengli has undertaken the important mission of promoting the development of China's special vehicles. Chengli Special Automobile, a subsidiary of CLW Group, holds a significant market share in both domestic and international markets. Its leading products include various types of water sprinklers, garbage trucks, sewage suction trucks, sweepers, oil tankers, chemical trucks, wreckers, aerial work vehicles,

AFTER-SALES SERVICE COMMITMENT

Dear Customer:

Thank you for using Chengli Group's special vehicles!

We adhere to the service tenet of "quality first, reputation first". While devoting ourselves to the research, development and production of high-performance special vehicles and emergency products that meet market demand, our perfect after-sales system provides guarantee for users to use special vehicle products with greater confidence.

Chengli Group's special vehicles have implemented national joint warranty. Currently, there are more than 360 Chengli special vehicle authorized maintenance service stations across the country, to let you use our vehicles at ease with worry-free after-sales service. Here we make the following commitments:

I.Free maintenance plan and period

1. Follow-up service time: Lifetime maintenance:
2. The first in the country to implement the "First Maintenance Free" policy in special vehicle industry.
3. From the date of delivery to customer, within the normal use range, free repair within 10,000 kilometers or within one year (excluding vulnerable parts and electrical parts, see the "User Service Manual" for details), responsible for maintenance out of the warranty period.
4. Service arrival time: Vehicle failure can be repaired at the local Chengli Special Automobile Co., Ltd. authorized maintenance service station, we will respond within 4 hours and handle the failure within 24 hours (excluding the spare part transferring time); if meet the outbound rescue conditions, the local Chengli authorized maintenance station at the user's will be dispatched to site for inspection and repair within 24 hours (except for remote mountainous areas or extended);

II.PARTS SUPPLY METHOD AFTER WARRANTY PERIOD

1. Method: According to user requirements, the local Chengli Group's authorized service station at the user's will provide unified supply or our regional management center will supply the parts directly.
2. Only accessories cost will be charged, no additional fees.

III. Chassis Failure and the engine parts warranty shall be handled by the corresponding chassis manufacturer. For the specific address, please refer to the list of chassis service stations sent with the vehicle or call our company directly for inquiries. For the specific list of national authorized maintenance service stations, please refer to the "User Service Manual" by Chengli Special Automobile Co., Ltd.

CHENGLI SPECIAL AUTOMOBILE CO., LTD. IS DEDICATED TO SERVING YOU!
